Professional Summary

Passionate **Frontend Developer** with strong experience in building fast, responsive, and scalable web applications using **Next.js, React, TypeScript, and Firebase**. Skilled in API integration, complex state management with **Zustand**, and delivering high-quality, accessible UI with **Tailwind CSS** and **SCSS**.

Experienced in deploying and optimizing applications on **Vercel** and **Netlify**, and collaborating within **agile environments** using Google Workspace and JIRA.

Driven by attention to detail and a commitment to creating seamless digital experiences, particularly in **eCommerce solutions**.

Technical Skills

Frontend: Next.js, React.js, TypeScript, JavaScript (ES6+), HTML5, CSS3, SCSS, Tailwind CSS

State Management: Zustand, React Context

Backend / Database: Firebase (Auth, Firestore, Cloud Functions), Firebase Admin SDK, MongoDB, Cloudinary

Integrations: REST APIs, Payment Gateways (Paymob), Custom Claims Authentication

DevOps / Deployment: Vercel, Firebase Hosting, Netlify

Tools: Git, Google Workspace, JIRA, Excalidraw

UI/UX: Responsive Design, Accessibility, Component-Based Architecture

Professional Experience

Frontend Developer — Freelance / Personal Projects

Remote | 2023 – Present

- Developed and deployed multiple **Next.js eCommerce** projects integrated with **Firebase**.
- Implemented full product management systems, authentication, cart, and payment workflows.
- Built **dynamic admin dashboards** to manage users, products, and coupons using secure **Firebase Admin SDK** or JWT verification.
- Created reusable and responsive UI components using **Tailwind CSS** and **SCSS**, ensuring clean and scalable architecture.
Integrated **Paymob API** for secure payment processing and transaction verification.
- Enhanced performance and UX through **lazy loading**, caching strategies, and **debounced searches**.
- Collaborated on **code reviews**, bug fixing, and deployment pipelines using **Git** and **Vercel**.

Education

Bachelor's Degree — AL-Azhar University

Graduated: 2020

Interests

Building modern digital stores, performance optimization, UI animations, and exploring new web technologies.
